"Please try to understand that these are the children of Sahaja Yoga, they are looked after, everything is going to be worked very well for them and have the wisdom to enjoy this development of your children.

They are doing well, they are being looked after, there's all possibility of their coming down with such beautiful personalities that you'll be proud of them. Try to understand, try to realize that whatever effort Sahaja Yoga is putting for them should be fully materialized."

H.H. Shri Mataji Nirmala Devi

Easter Puja, Rome, 19th April 1992

H.H. Shri Mataji Nirmala Devi

## Her Vision:

International Sahaja  
Public School

# Sahaja Education

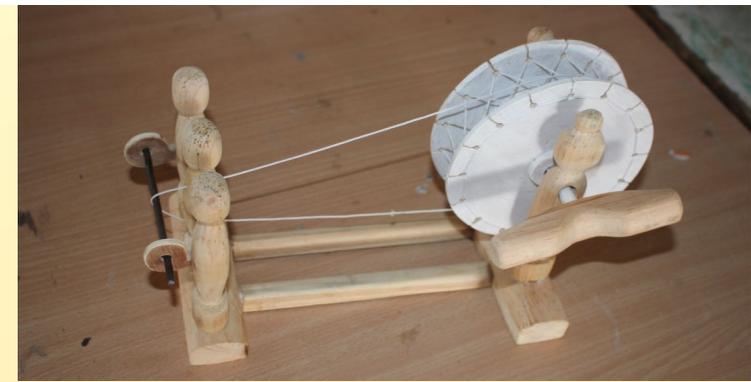

Sahaja Yoga was founded by Shri Mataji Nirmala Devi in 1970 as a path of spiritual awareness and enlightenment through recognition of the true Self. Shri Mataji gave Self Realisation to thousands of people all over the world, awakening their dormant spiritual energy, giving them a new vibratory awareness, and brought about a complete evolution in their consciousness. By adopting Sahaja Yoga, thousands of people have embarked on a balanced, spiritual, joyful and dynamic way of life. Sahaja Yogis participate in their day to day lives and work environment with joy, collectivity, detachment and good health.

To protect the innocence of children, to provide a spiritual abode in the years of learning, to provide compassionate nurturing, and to strengthen the developing spirit, H.H. Shri Mataji created the Sahaja system of education. Sahaja Education seeks to provide a center of learning which not only fulfills all requirements of school academic curriculum, but also imbues scholarly life with a dynamic spiritual structure.

H.H. Shri Mataji Nirmal Devi established the first Sahaja Educational Institution in Naddi, at Talnoo, Dharamshala. Set in the natural setting of the Himalayan Dhauladhar range, the International Sahaja Public School, ISPS, has been functioning for the last 25 years.

ISPS has a world wide alumnus, with students from Europe, Australia, Far East, USA who are from families who practice Sahaja Yoga, and who have, after graduation, returned to their home countries with confidence in their values, exceptionally equipped to live a positive life with balance and spiritual energy.

ISPS seeks to provide their student family with a very contemporary academic environment, and look at regular review and upgrade of many of its systems.

ISPS has embarked on a phase of infrastructural change and development to meet contemporary needs. These upgrades will provide an advanced computer laboratory, an indoor stadium to play during the monsoons, state of the art classroom infrastructure, spacious dining hall, better stay and leisure areas, a greener and more secure campus, and ability to participate in a rural development and schooling project in a village close to Dharamshala.

We have maintained a low budget profile to enable as many children as possible to benefit with Sahaja education, and we look forward to future success in our endeavor with the the active support of people from all parts of India, and indeed the whole world.

We seek your participation in Shri Mataji's vision, and appreciate your contribution to our Development Fund.
