INTERNATIONAL BIRTHDAY PUJA & SEMINAR 2024

19th - 21st March, 2024
Chhindwara, M.P, India

"First thing we should do is to bring peace in our life. We should become extremely peaceful. I always tell you. I agree, you have to face too many difficulties in life but you must bring peace in life. You should give me this present on my birthday, 'Shri Mataji we shall keep peace in our lives.' You should be extremely peaceful, peaceful like ice."

- Birthday Puja, 22nd March, 1984

Message for World Collectivity

“It is nice that you are celebrating my birthday with such enthusiasm, and so much happiness. So nice to see all this, and I want you all to be my decorations! In the whole world they should see that you are my children and that you are of such great values and such great understanding. You are my children. I have really worked for you, in the sense that every moment of my life, I have thought of you: I wanted to work it out in such a beautiful manner that you become really good people, ideal people, special people, with understanding. So, that is the day you should feel that your birthday is being celebrated. When you have completely cleared out, you have become nirmal, absolutely pure personality of love – that’s the day is your birthday, and mine too.”

“So have loving attitude towards all the other people who are here, who are feeling lots of love for you and they pay lot of attention, they don’t want you to do any hard work, they want to look after you but you also try to make friends and try to know them... So this relationship, of friendship and love must be started as Shri Krishna has said that unless and until you love each other, I do not exist within you. So it’s not only one country, it’s not many countries, it’s all the countries of the world have to love each other and to understand each other as yogis.
