

SHRI MATAJI'S 2010 PROPHECY ON THE EXPOSURE AND REMOVAL OF NEGATIVE FORCES

Dear Sahaja Yogis,

Recent unimagined changes in Australia, and impacting other countries, have been traumatic and unsettling, with many Yogis wondering why these extraordinary events are occurring.

These questions have been answered in a message from 2010 given by HH Shri Mataji so it could be shared at the appropriate time when Her words could be comprehended and understood.

Everything we have witnessed, and been challenged by, was all preordained and part of Shri Mataji's plan in the battle between illusion and truth.

She does everything, we do nothing, and as Her children, we need to surrender to Her Will and arrangements as She deals with elements disturbing Her gift to the world.

Please read HH Shri Mataji's 2010 message below.

EXPOSURE AND REMOVAL OF NEGATIVE FORCES

SHE MAY APPEAR BEFORE US

Her Holiness Shri Mataji mentioned that there may be occasions where She may appear before us.

“So, you may find Me anywhere. You are walking on the street, suddenly you might find Mataji walking with you. So, this is the second era we have started, and you should not be shocked if you see Me sitting on your bed and putting My hand on your head.

Or you may see Me in the form of Christ walking into your room, or as Shri Rama. That has to happen, so you should be prepared!”

SHRI MATAJI'S 2010 DARSHAN TO A YOGI

In 2010, in the early morning, a Yogi was resting in his car after Puja in Cabella when Her Holiness appeared, granting darshan (a vision of Her) wearing a lightly patterned pink sari and sitting in the seat next to him.

Her presence, brought a calm, peaceful vibration and Her being there seemed quite natural. She said She wanted to give a message for Her children to be shared in the future at the appropriate time.

GREAT DISTURBANCES WERE COMING

She explained that great disturbances and transformations were coming which would challenge the Australian and world Collective, and She wanted to reveal why these dramatic events must occur.

She spoke about the vital role of Australia in the global subtle system, its foundation and support for all other centres, and how for many years, negative forces had been trying to disturb, damage and take over Her important establishment of the purity, innocence, wisdom, and Her destruction of negative forces of the Mooladhara Centre.

Shri Mataji said that until now, She had personally dealt with those trying to disturb the Collective awareness and replace Her arrangements.

However, She warned that after Her Mahasamadhi, these destructive forces would return in full force, influencing the hearts and minds of many, and the attacks on Her Divine work would intensify.

She said these destructive forces would manipulate and misrepresent the processes and guidance She had established, by spreading false unproven accusations and reports to attack, undermine and defame Her Trustees, in their efforts to replace what She has established for the future.

SHE WOULD FULLY EXPOSE THESE FORCES

Shri Mataji declared She would fully expose these forces, and everyone will see who they are and what they are doing, driven by ego and a desire for power and acting in unimaginable ways for their own purposes, and these coming events would test all Her children in Australia and around the world and the battle between the forces of truth and destruction would be relentless and without restraint.

She said we need to understand and have faith that She knows and manages everything and if there are any problems She will deal with them. It is not the role of humans.

She explained that this is a time of judgment when everyone will be tested and only those with pure hearts, love, and faith in Her can be with Her. Those without these necessary blessings will be separated and moved away.

COLLECTIVE ITSELF MUST RECOGNISE AND FACE IT

Hearing this prophecy deeply troubled the Yogi, who asked Shri Mataji to please use Her powers to remove the negativity and save everyone.

Shri Mataji replied that although She could remove the negativity, the Collective itself must recognise and face it.

Otherwise it would just keep returning, disturbing and spoiling the peaceful enjoyment She provides by exploiting weaknesses

such as prejudice, conditioning, and lack of surrender and acceptance that She is managing everything.

She said She has warned us repeatedly and each person must make their own judgement.

FULLY ENJOY HER DIVINE VIBRATIONS

She explained that those surrendered to Her would recognise where Her attention and vibrations are, while others would remove themselves to form separate breakaway groups focusing on criticism and attempts to take over.

The separation will allow those with Her to fully enjoy Her Divine vibrations and one another without the impact of others disturbing the atmosphere.

Her gift to those genuinely seeking and wanting to be one with God is purely based on love, and She wants us to fully enjoy and imbibe Her gift without any distractions.

TIME TO NOW SHARE HER MESSAGE

The Yogi shared the experience of HH Shri Mataji's darshan and message with a few friends and it was obvious that it was not appropriate to be shared further because it seemed so unbelievable and incomprehensible at that time.

HH Shri Mataji's prophecy, and everything She spoke about, is now taking place and it's time to now share Her message with the wider Collective.

Jai Shri Mataji!

With love from a brother
